Do what thou wilt shall be the whole of the Law.

"There is the dove, and there is the serpent; choose ye well:

Die 9 ☿ 8.30 am. circa. ♪
I praise the immortal Gods. My will is to clear up affairs here, and answer the call of the Three Mountains to save the world from destruction of the outworn formula by recreating it through the Word and according to the Law of Thelema.

Glory to Ra Hoor Khuit and Hoor Pa Kraat even to Heru Ra Ha!

I reach the Great Circle. Einstein denies Newton's Absolute Space; yet his equations postulate the phenomenon of the Univers as inherent qualities of a kind of Space which postulates the Newtonian by deviating from it. What is the real meaning of his Space-Time Continuum? Only a simplification of the mode in which phenomena present themselves to human sense-organs (via measuring appliances). This then is merely one way of apprehending the real. Another point is that as soon as a tensor reaches perfection, it becomes an identical equation.
But since an identical equation is always ultimately meaningless, how is it that there should be a side to it of which each detail is measurably significant? See my work on Platitude. Analogy of a picture. When the canvas is wholly covered with lines it is meaningless. Then why are some partial coverings significant & others not? Is it significant as that (as in a tensor equation) one can always get some sort of a likeness to man if one starts with two squares (however deformed or relatively placed) for the pelvis & thorax?

I begin to suspect Germer of plotting deliberately the spiritual murder of Ann. In the interest of his masturbation.!

Mon.10. Heard from Janouschek. Long talk with Germer on Magick. Gradual disclosure of Ann's trouble, & the true cause of her running away "which would hurt your feelings". It is simple enough : she has a genuine aversion to the idea of food in itself. This seems to date from , & be caused by, her terrible experience as a waitress. She thought, dear sensitive baby, that this would upset me badly & spoil my life with her &c &c &c. Yet her feeling seems as intense as that of O.E. about kittens. I wonder if there is a deeper reason. I also wonder if all this is as sincere as it seems. Certainly it is a matter of moods. Mon.8. Astarte is surely dead or kidnapped. The work of the Order seems completely stopped. Germer announces his resolution to do stupid things in order to surprise the other fellow! Penniless & powerless. In a studio at last after 11 years - & now I have no materials to paint!! In the whole sky's round is no light except love of Ann - & this pays royally for all.

A wonderful day - Anna & I both working hard at art. Excellent ☉ in P.M. stopped by my fault, & ought to have been put right at night, & wasn't. Hence I woke at 4 A.M. 10th from a vile nigh mare of a mad motor trip planned by Karl in pouring rain. Anna had to go, so had some short-sighted youth; it was all to see some famous German place. Then I was so hungry I ate all in sight, & pocketed more &c &c. I shall have a real nervous breakdown soon, physically. I had nervous twitchings &c in early attempts to sleep.

Anna's pictures came from London. They are much better, in the main, than I remembered them. But then I understand her better.

☆☆λ mihi stendit et suas 400-r-10-50-as If this be genuine, moriens est (???) .
Karl very rude to Ann: she told him she didn't want to speak to him.

Sat.13. 2.30 a.m. Woke from long & very vivid dream of hold-up by masked burglars. A country place far from help. House (small) first; I held up on first floor but saved watch & ring by ~~a~~ stratagem. I then went down. It was a big place - prob. hotel - with hundreds of guests. In a vast park. A bank attacked .- the head man ....(illegible) with assistants going through the assets systematically. I wandered out; guests being shepherded. I tried to find a cache for watch & ring. Frank Harris appeared, & we talked awhile. Finally I was almost alone, & about to hide them when a bandit ran at me, & threw his pistol at me. I caught it. He explained type of gun. (I snapped it uselessly). We got into talk; he was very red of face & bloated (he removed mask) yet cadaverous, & smelt strongly of opium. We sort of fraternized "I ought to be on your side" &c. Then music & crowds: "That the signal the job's done" & went off. I woke.

Going on with Mulatto - Gods - the Ethnologist picture.
Karl is a filthy asexual maniac. The masturbating swine! He is resolved to destroy Ann spiritually by wrecking her nerves.
The Gods upon him - I mean - upon it!

Sun.14. Painting hard Mountain scenes.
Ann has been playing a very foolish sexual game all the week. This A.M. she insisted on my using her as a W.C. in spite of the repeated warnings I have given her as to the appalling results of such behaviour. She will soon be taught by punishment. Only the chain will have been broken.
♁ ♋ Sexual energy ad alternam(?). She did this on purpose, of course. She is always awakening my deepest & tenderest feelings, only to trample on them with the coarsest brutality.
Poisoned (?) all night (?) chicken.

Mon.15. Germer's letter says Ann holds the highest honour possible to any woman on the planet. I hope his temporary wife feels the same.
Ann nursed me so marvellously through my poisoning. I am so glad that she will close my dying eyes when the time comes. (Reg-).
She explains her pathological fears as deliberate psych. protection. E.g.: she pretends to herself that I am going to cut her throat, so that she thinks she is getting off easy if I call her a bitch!
Painting, like golf, is an old man's game.

Tues.16. One of her sadistic tricks is to make herself suffer physically from starvation, cold &c in order to make me suffer from sympathy. E.g. she will ask for something she obviously needs (& could take without asking(& when supplied (as of cours she refuses it with violent rage, & then moans & screams because she hasn't got it.
P.S. It just occurs to me that these tactics were used by the Suffragettes. That fact of course leaves no alternative.

Note. She can never do a thing, or even say "I'll do it". It's always "I'll smoke another cigarette, & then I'll do it."
She suffers from a fundamental lack of vitality - due doubtless to her original ovarian trouble - & this vitiates her whole conduct & attitude.
This is tacked on to her abiding horror of going insane like the bulk of her family.

Thur.8. More ooze of slimy stinking shit. I did not think there was so much of Hanni Jaeger.
I woke up, cleansed, I think P.M. on Friday, with a marvellous lustral vision of a great purgation, to fit me to take on the G.·.W.·. anew in some very special & immediate way.

Mon.16. Gipsy model - n.g. - sml. panel.
Ann at Cafe - has heard of my letter of Jan 15 or thereabouts.
N.B. The Gipsy girl was really scared of me - took refuge with the Lady Char (not in the Buddha, the Dharmma, & the Sangha as was right!) & all because I didn't whip out pencil & paper, & work like a bloody student. !!!!
(P.S. But it's a damn good panel.)

Tues.17. A bloody awful day. Real Irish! No work done.
Louise to bad dinner at Tientsin, then to studio: onanism, all very boring.
IS hardly even a bad-will(?) Main(?) idea, perhaps, to get out of the rut.

Wed.18. I must admit to being damnably depressed (l.a.m.)
Louise cheered me up - we found a perfect studio. Kurfürstenstr 126. Henri better. Ann worse. I am afraid she is on the cock-sucking at 10 R M again as her main engines are out of repair.
Recovered & started a self-portrait - head on crazy background - big square.

Thur.19. Woke feeling fine, & finished self-portrait - a damned sardonic picture - "Triumphant ..."
Preparing for the Ceremony of the Equinox.
(My watch stopped at 1.30! P.M.).
Sold sacred Gold Piece for 83.60 = 20 x 418. Dictated Editorial for "Home & Abroad" - the typist nearly died!
Putzhammer Strasse. n.g. (Girls wiping windows with dusters to attract is a new one on me!) Watch fell (broke glasses but &c) after dinner with Louise. Say 12.5 A.M. die ♀.

Fri.20. The Word of the Equinox is B R A Sh I Th (Hebrew)
Oracle: Al II 72. "Strive ever to more" thumb on "ever".
Omen: 28 Ta Kwo Imagination.
Long walk in woods - Pfaueinsel by the Wannsee.
Nierendorf called: liked my new work immensely.

Sat.21. Real good commercial idea for pictures, a palette with the model coming out faintly from the mess.
(Copyist note: An astrological chart takes up the remainder of page).
Henri to lunch. Cora & Miss Paul called to see pic-pics.

Sun.22. Dined with Louise at Horcher's Ragnom flambe with no sex appeal. Bad & pretentious.
Henri danced at Schubert Saal "Morphin" superb. He was tired & discontented in the Lotus dance.

Mon.23. Ann rang up, to annoy, I suppose.

Tues.24. With some (insignificant) assistance from Karl & another vulgarian, I packed all the pictures for show in 3 boxes marked S, Single-handed! Older or less photogenic ditto in 3 cases marked O. I will next pack pictures to be framed for show in a box marked F. Posters can be stored loose at Karl's

Cafe Hahnen (Good: one of best in Berlin. 1 Nollendorf Platz. Only faults: a little too big, & music.) Louise at night. I drank too many varied things - but I love Fanny.

Wed.25. Sought Fanny in vain. He was fucking somebody else! Prtended to play chess with one Maya(?) - a MASTER - I lost, being dead tired, three parts drunk, & sore from Germer's sadism. "Never went such grotesqueness with such woe".

Sat.28. Voodoo's Bar with Karl, Cora, & Louise. Comic dirt.

Sun.29. To Schnitzhaus Strasburg in car.
Louise: I wish I could love her. And she does seem to have fallen in love with me, God knows why.
Sex-energy &c. I do need it.

Mon.30. Packing &c goes on.
Louise as before.
I cannot get normal, as with my beautiful Ann.
With Dr Joseph at Romanisches. Played a cheating professional who beat me by 'barracking'

Tues.31. General symbol for Dr. Joseph. (He has just phoned, asking me to call. (I smell a rat)). XXXIII. Thun. This ✡ has always been mysterious to me. (May mean that he is my way of escape from the Germer mess.) .
The rat smelt right. P.S. No: he seems to have been telling the (amazing) truth. Very exhausted nervously.

A P R I L

Wed.1. A terrible scene by Karl (continued for several days). Moving! He does things with a brutal & stiff technical efficiency, but a nervous expenditure of rage & violent excitement at every necessary distraction or interruption.

Thur.2. Motored to Wittenberg. Put up at Klosterhof. An admirable old town, worthy memorial of Luther & Melancthon, who won us our first freedom.

Fri.3. Dropped in to church. Preacher a.1. for gestures & diction. But the people sit to sing!
Fed up - to Berlin 5.39 - 6.58 v.good train.
Chess at Konig - won 2 marks!

Sat.4. Met Hanni Richter: made date, doubted contact, did a miracle to meet her again. Went to discreet dive in Mittelstr & played awhile. Slept at Lietzenseeufer 9.
I am really pretty damned ill; but anything rather than postpone Germer's departure, as would happen if I called in the doctor.

Sun.5. The Germers left.
Summons from Criminal Police to go there ♂ a.m.. Germer says its harmless; but when I hear a rattle, I wonder how the other end of the animal is fixed!
Hanni Richter (?) Parents killed themselves together when she

was 22. ☽ ☌ ♀ Sex-energy &c. Woked a.l. Met Else Lyon in Romanisches at night.

× Tränker head of german branch of O.T.O under Reuss. A.C. tried to get T to accept him as O.H.O to succeed Reuss. This did not come off.

Mon.6. Sudden violent cold-in-the-nose bitches my Hanni-honey, & my Else-else. Latter a true Bull-...(illegible) (as Henri pointed out) brought her whore with her, & tried to play the strange game! I threw 'em out.
Rang Louise: she was there. Will come to help with the Latest Mystery: "Des crapauds imprevus et de froids limacons".
(Helen Tranker worrying Police about 1925 !!!!!! Quel idiot!)
Just when I was beginning to like Berlin, too.
P.S. Licked Hanni's cunt & arse hole quite a lot, between sneezes.

Tues.7. Louise helped at Police, dinner to-night, & translated my testimony in the Hal-Jager fence.

Wed.8. Took testimony to Amtsgericht.
Hanni Richter ☌ Sex energy &c.
Went long long walk ° played chess. v. tired.
Should I take studio at 126 Kurfursten Strasse?
XLVIII Zing The Well. This is a good - a very good symbol - but the work must be done with great care.

Thurs.9. A dreadful day. Tried to walk, & was too tired. Did all sorts of desparate things. Met Gertrude Howe (The most beautiful I ever saw, & charming. Apr.6.1912 Midnight Berlin. (a ♀ day)(cousin of President Hoover, mulatto) & made date for lunch ♀. kiss
Played Johna. DREW first game! Did well later - till barracking started. Ate at Stockler's, & hurried home to paint in the Conscientous Nude.
I am really pretty damned ill.

Fri.10. Painting Conscientous Nude.
Gertrude (Howe - cousin of President Hoover) to lunch. ☌
I fear I forgot to do the one essential thing. Because I was really excited. Jesus Christ! in this God-awful country one has to sleep with one's penis under one's pillow!
P.S. Slept like a hawg 4 to 7.30 despite Fra Frosch to find the Old Woman come to sew my winding sheet.
Louise - as usual. With strong intention. Note. French for "I think I must go home now" is "Espece d'andouille, fuis-moi ninette, nom de Dieu!"

Sat.11. Hanni posed: but my cold so bad I couldn't draw.
Louise at night: a really hopeless idiot & quite unteachable. Liable to burst into tears if she loses a pawn - oh God! these damned feminine women are the limit. (P.S. I had to point out that my own beautiful Ann had at least - for all her faults - both brains & beauty. And the silly woman took it amiss))
With violence & rage she left me for ever. as usual.

Sun.12. Moved to Pension Mea Dormbergerstr 7 (Lutzowplatz) Lutzsow 7659. Excellent & v. cheap.
Hanni Richter ⊕ Health &c.
Louise rang up. Long yarn(?) in Hillbrecht. She is crazily in love with me, & very violently jealous. I like her, but its' stupid - I love Ann + so I'm bored. Only: it may pan out. She spent Sunday a.m. wandering round the Lietzensee - in the hope that I would look out of the window & see her!

Mon.13. Genl. aymbol for Louise, & how I ought to act toward her, with what aim, & with what success &c. LIV Kwei Mei.
An amusing moment with Police, Karl answering the Tranker slut with fine energy. But Cora, the mean hag, the vermin, has lost money on Wall St. (again!) & caterwauls in public about it. Karl's nerves accordingly poxed. (He & Cora violently opposed my seeing the doctor.)
A most amusing dinner with Louise.

Tues.14. ⊕ Hanni (health &c).
I am really pretty damned ill. Weather cleared at 4 P.M. & I went a pleasant walk. Dinner with Louise at Karl's.
Ann(?) Bleibtreu 1379.
Insisting on calling in the doctor.

Wed.15. Insisting on calling in the doctor. Indeed, insisted so insistently that Karl's life became a burden to him, & he agreed to arrange it. The idea that he & Cora have is that all sickness is due to one's being an Englishman, or a gentleman, or spending too much money &c &c.

Thur.16. Saw Weilling, who found (as I expected) polypi, 6 of them. I am letting him cut them out, as I think him clever, & the operation is easy. But any other man than Karl would have taken me to the best nose specialist in Berlin.
P.S. Everybody I know is indignant about this. PPS. 11 months later. There are 6 more - big ones ◯ & they can't have grown in the time. Yet my nose was free.

Fri.17. Rang up Ann, still ill & still with mental constipation. Gertrud at Konig. I think she will do.
Began Urecidin(?)

Sat.18. Weidling cut 6 polypi out of my right nostril - 6! Two of !em as big as Broad Beans.
Louise came to cheer me up. She is really very beautiful & an absolute darling: but oh! what a chump about chess! And she simply does not ring the bell!

Sun.19. Louise perfectly darling. Nose still sore. (No connexion between these 2 entries.)
Chess at Wiener Cafe. My girl not there. But won perhaps the best game of my life against the strongest player there - bar Johna, of course.

Mon. 20. Began drawing Gertrud.
Gertrud ⊖ energy &c.
Played well against Johna; had a good draw, with a win if he tried to break through. But Cora came & disturbed me.
Dinner with Louise.

Tues. 21. ⊕ Hanni Richter. usual: energy &c.
Began painting violently.

Wed. 22. Painting hard for Jammie(?) gautee(?).
"Dinner" with Germer. Bad boiled beef & worse cauliflower - nothing else at all. I had to invite everybody to Miercher's! Where they filled up on pastry stuff. Ugh!
Steiner joined us. Wild tale of Monster peddling drugs.

Thur. 23. (Copyist note: Royal Court Diary heading - 'ST. George's Day' + thus the following:)
St. George indeed! a strenuous day. Painted from 6.a.m. Louise to dinner; took a new model. Fore & middle fingers of both hands in appropriate places: tongue as usual. ⊖ as usual.
*virginity I have a fear-complex about her. She wants to buy a picture!!!
P.S. She has noble impulses; but mean, selfish, cowardly considerations always stifle them. Soon she will be a shapeless stupid lump of meat with a hole in it: no more.

Fri. 24. Weidling did 2 very big & 1 small .....(illegible). many-foot in Ida
Hurt badly, & bleeds still hard 2.30 P.M. over 2 hours later.
Monna Luisa(??) to dinner, very tender & thoughtful.
Karl broke out wildly before Weidling because I cleared my throat while he was talking. This with my throat full of blood &c. He explained his fury by his fear that I might be going to speak - to interrupt him.

Sat. 25. Anni rang up. Saw her for an hour. I think she is working some cabaret or walking the streets.
Talked business with Louise.

Sun. 26. Drove to Saarow. Bad & fashionable. But!--!--!
A.l. Roast Beef!!!
Cora started trouble the moment I got into the car. I warned Luoise the first moment we were alone - but in vain. The foul hag insulted Regardie at the luncheon-table; & I laid her out.

Mon. 27. Cleared up mess. But everything feeble.
Tremendous horn(?) (of B.I.M) &nHanni wouldn't ⊖, Idiot!
Her loss was Gertrud!s gain.
Luisa to dinner - Lots of &c. But she's a lump.

Tues. 28. Gertrud ⊕ as usual. But it's all n.g. (Her technique is as bad as Luisa's). Did two good sketches of her.
Played a.l. chess.

Wed. 29. Germer White A.C. Black. (Copyist note: More chess).

Painting Gertrud.

Thur.30. Painting Gertrud. This is my best picture yet.
A very strange obscene Walpurgis-Nacht.

M A Y

Fri.1. Gertrud. ⊕ an even better picture.

Sat.2. The most delightful day for months. Anm to lunch at Halmer's:new(?) style - thinks she's Anita Berber! Idiot! Took her to Wiener Cafe - in come Germer & Louise to talk business. Tableau!
Germer went off in a huff; I took Louise to dinner - couldn't get out of it. And, Lord! how she did eat! To save her face, I suppose. It was a royal whack I dotted her!

Sun.3. ⊕ Hanni Richter for Anm. Elixir a.l.
I have been haunted for 3 or 4 days by the following, which I have to sing (sotto voce) in what I suppose is a mixture of the tunes of the 2 songs.
"Seated one day at the organ
I was weary & ill at ease
And my hands were wandering slowly
Over the trembling keys.
And I got a hunch that my sweetie
Never got home at all
But was fucked all night by the chauffeur
After the ball."

Mon.4. Drew with Johner. a very fine game, full of traps - on both sides - where a piece could be won & the game lost.
Finished "Mulatto with Toadstool".
May.6. Saw exhibition. Steiner's picture is a perfect self-portrait. It represents the palings of a football ground, with men & boys powerless to enter trying to peep through.

Tues.5. Another operation - a very small & rather bad one. I doubt Weidling's ability.
But Anm rang up.
Trying to paint a landscape. Trying hard & getting nowhere.
(P.S. Had to put figures in.)

Wed.6. A marvellous day. Made Hanni Richter cry - by being ordinarily decent to her.
Made Hanni Jaeger cry - by proving to her that she loved me. She had to admit it. We want our baby.
(Confounded Germer & Steiner by exhibiting her.
Got Herr Richter to play me at the ...(illegible) for a mark a game!!!).
Made Louise Kschaetzsch cry by sincere sadistic work (for Hanni Jaeger's sake).

It doesn't matter, my Hanni
That you are a whore & a thief
You've got a miraculous cunnie
Not a mere chunk of beef.
And if I can't fix it to fuck you
I'd rather not fuck at all
But have Fanny puncture my podex
After the ball.

Thur.7. Louise's birthday. Bit(?)her up in the street.1.a.m.
In woods with Karl by lake.
Beat Johner!!!!!
Louise to dinner. She cried some more. That was a snapper on the snoot I snitched her on Saturday!

Fri. 8. Weather went bad: completely outed: slept till 12 after a couple of hours' painting 8-10.
⊕ Hanni Richter. Energy &c.
(Note. This elixir is extremely strong, & as fishy as the Quintessence of all fishiness.)
10.P.M. Evrything utterly rotten - & I don't quite know why. Pension going broke? re(?) sans argent? Karl playing some crazy trick? Dined at Eden, with the perfect Beanne. But it has not worked as it should - Shit!

Sat.9. 1.30 P.M. Circa. Sent out Hanni Richter with my $20 gold piece to change - to buy some things. I had enclosed it with a note to the Cashier of the Eden. (The Dr. next door saw her with the gold). She has not returned - now midnight.
Conference with Karl at Louise at night.
Germer's small-town vulgarity must have been rather disgusting to her.

Sun.10. Went to find Hanni Richter bei Wagner 12 Kurfursten str. No Wagner, even!
A dreadful day - everything as wrong as could be. Even "Schachmeister Kaken" beat me on the majority of the games. One of those rascals who chatter & bang the pieces about to put the opponent off his game.

Mon.11. To Police &c re Richter. N.G.
Louise at dinner. 4 hours' talk. any use ???. P.S. I think so.

Tues.12. Lunched Pailthorpe (Dr.G.W. Pailthorpe 71 Murderers' Row W.1.) at Hiller's. R.M.17. Not a very good lunch.

Wed.13. With Germers & Pailthorpe to Althofen or Something See (They're al; alike). But the Baked Pike was A.1. (++1.)

Thur.14. Forced Germer to confess his vile plot to ruin my happiness with Ann.
Louise to dinner
Wrote about ed^n B-i-M.

a.l. for Hanni Jaeger..

Fri.15. Ann rings up - going to be prosecuted for perjury. Went with her to U.S.A. Embassy. Mr. O'Donahue asked their Counsellor Mr Wuth 17 Lutzowufer about her minority. German Law is (as I thought) all that counts.
2.30 Karl here - a raving maniac about nothing.
Pailthorpe & Louise to dinner. Mikado - too early, I guess; v. dull. Talked - great form - at Lunte's till late.
Germer broke his promise about the R.M. 500.

Sat.16. Ann to lunch. Hal & Leschke have clearly committed perjury: I go to the Police for them Monday. (P.S. I find that perjury doesn't matter in Germany. It is considered normal.)
Give message re this. 38 Khwei. ??? Be dignified, clear, & frank is all I get.
Louise, poor idiot, won't help as interpreter.
Ann's poor pitiful little bluff at being "hard-boiled" is breaking down. She cried, & I with her.
Painted a long narrow canvas - a Tree & bathers on rocks.

Martha Kuntzel

Sun.17. Soror I.W.E. brought Geo. Brinkmann(?) & wife to consult. Case just as I thought.
Conference with her & Krum Heller & the wretched Germer in P.M.
A very bad Kilbsmich at Eden.
Painted a superb picture - tree in storm at sea - the love betwee myself & Hanni Jaeger.

Mon.18. Karl furious again. He wants me to attack Buven - through a bum (P.S. No: the lawyer is not a bad one) who speaks no English!
Ann & I had a delicious lunch.
Saw Wuth, who employs 4 Germans for Berlin business. Suggested retainer(?) RM 500.
Antoinette Pension von Nysbeer? 11 Marluyer str. Tel:Buv(?) 67-24. A fine basso profundo! (take it in what sense thou wilt)

Ate first strawberry for Energy.

Fed at Hakman's. Fair.
Met Ellen Grafin v.Stauffenberg (Charlotte burg) ?meaning?
A.l. at Lloyd's !!! Best fuck I've had in 6 months.
Cost R.M. 11. Well worth it. Can make a good liaison. But she must be sensible. Object:? something about Hanni Jaeger.

Wed.20. No: I'm not worrying one bit about Miss Jaeger: provided I can have "the Cunt of the Countess" as the Good Book says.
⊕ Gertrud again. Au - very elaborately done.
(Copyist note: More chess. At Cafe Wien.)

Thur.21. Visited Philipdom re Buven & Co. Karl again refused to keep his word re the R.M.500. He is a miserable swine when he gets these fits. And he lied to me like a clergyman.
⊕ a.l. despite Karl's villainy. (Museln is more polite than Fotzen)

Karl's work for May 21. Robbed me of a day of work. Made a disgraceful exhibition of himself before his lawyer. Forced me to use the gravest (& most costly) financial expedients. Broke up all my carefully matured plans. Spoiled two promising friendships. Brought the Monster back on the map, just when I thought I was at last rid of her. Hurt my credit everywhere. Caused a violent scene at the Pension. Made me very seriously ill - asthma, bronchitis &c.)

Fri.22. Ill as I was - asthma bronchitis &c - I fought for 3 hours to force Karl to pay me R.M.100 of the 500 he owes me. He made me get out of my sick bed & go round the whole town in the rain. Seeing Cora to-night.
What shall now be my policy?
LX. Kieh. Make very exact regulations. Sit damnably tight.

Sat.23. Countess to lunch. Bored, somehow. Slept. Chess. Seagull! eggs & smoked flounder(?). Indicated modestly to Herbert that his sentiments appealed to my delicacy.

Herbert? deux lapins! P.S. No: the fault of the old Russian whore at the Pension.

I am quite satisfied that my name is indelibly associated with "Do what thou wilt". Ergo, I have done my job.??????
One good thing about lies is that one can always arrange times(? & c as need arises.

Great row with Germer. Even his tyres blew up with the heat! Louise back - to dinner. I mean this. See Memoranda. (Memoranda- One of the greatest days I ever had. Sonia rang up - & yet had departed for ever. The woman from Meiche's rang - met at 5 - n.g. She's tired. Louise to dinner: I fed the brute. Erik after - flirted. Went to Herkules. (This is the briefest resume of a very exciting day.) Monster rang up too. Lunches to-morrow with Erik & Gertrud.)

Sat.30. Wandering round chasing eagles. Erik was to come at 5 & didn't. I took Palli Palyk to dinner. She wants money & doesn't know how to get it - at least, not from me. A superb thunderstorm saved me from boredom, & I learnt a lot of German.

Sun.31. Motored to Buckow. Gorgeous lake with hills all complete; but Karl's meanness chose the worst place to bathe from. Called Renate to make Magda jealous. Continued campaign by getting rid of her & returning to talk to the proprietor of buying(?) his beastly restaurant.

Kasba came - can't let herself go - bit her up nicely. (? lit).
A.l. heard of Renate at night as a pure portrait, by far the best I have done. I am really satisfied at last.

Thur.4. A curious day of disappointments & misfires. Frau Ermi von Roy Barb.0788 may make a good picture. Lutte(Lissi) (bei Braun) Lutherstr 34 3d is a good coarse type.
Erik Mainz Lehnardstr(sic) 3 Lei Altinaru(?) might be the one to ring the bell.

Thur.11. Germer possibly more fool than knave.
Good joke on Kasha. A Berlin tous les petits appartements sont pris tous les grands sont a louer, et personne n'envent

Whether deliberately or no, Germer has washed out all my ambition - to paint, or anything else.

Fri.12. Another operation on this nose!
Deprived of cigars, tobacco, human society, & medicine for so long makes me a little depressed.
But minute as Brunhilde is, she cheered me much, if only by calming my bronchial tubes.
Wandered after dinner: Kleist-Casino; Mautz, Lunte, Maenz - met.

Red-headed whore in Kottner's diverts my prick from Pola.
P.S. Not even a whore!

Sun.14. 12-1. Loving Pola - only her technique was not quite in my rhythm. But she's sensible about it. We live to fuck another day. (Incidentally, she had the supreme wisdom not to insist.)

♄ Rings up that Hamilton is a crook pretending to be on "Times". (The maniac must have rang up all the old cats in Berlin the moment I left them - having let his name slip out. "A.C is friends with a prominent man -- let's get out & smash it up!".). H. here - delightful talk - I got Germer to repeat this rot to him! S.W. rang Mrs Grey to confirm. The cat 'phoned lies to ♄ , who rang up furiously insane "I won't pay rent: I won't give you any more money: I won't bring Miss Kuntzel from the station"!!!
S.W. made terribly ill by this Schweinerei: had to call in Dr. Weidling: will put whole case in writing before him to-morrow.

Sat.17. Self ill too -- bronchitis & diarrhoea. S.W. to Dr. Joseph.
I.W.E. to stay with us. More delightful than ever .
Unfortunately, we had to waste all our time discussing what ought to be done about poor Karl. Yorke phoned.

☿ 53 An entirely new kind of orgasm!

Sun.25. S.W. woke with the "Nameless Fear" again. Her breasts are certainly bigger, & they ache.
But --- all day we both felt unaccountably nervous, & at night there were signs of blood upon the lintel. Then she began to have bad pain, & was awake all night. She was rottenly brave about it, & didn't let me know.

Mon.26. Pain too bad. Called in Weidling: he thinks it may be a miscarriage. He had to give her Pantopon(?): prescrn. for 6, probably to find out if she would take them all at once.
He is distinctly suspicious. I hope she will not fall into the trap.
I was utterly crushed by sorrow & anxiety all day.

Tues.27. S.W. slept early this a.m. & woke much better. But diagnosis still doubtful.

Thur.29. Yorke has sense! Sent an in cash by air (sic).

Mon.2. Called on Max Brunnig (Also Dr Ernst Schertel - writes vaguely on Magic - bad novel with sham sex-appeal. Played really brilliant chess.) a sort of inferior Dix or Rops, with a studio imitating well enough an Oriental junkshop. He gave us lots of bad cognac. We went crazy. Instantly we got home I got down on S.W. She pissed gallons -- we tore off our clothes & fucked & fucked & fucked. She tore my lips & my tongue - the blood streamed all over her face. We fucked. And suddenly she got a jealous fit about 3 cheap whores at Brunnigs & I strangled her ---

Tues.3. Woke early & finished the fuck.

They were cheques drawn by her lover -- then I asked if she'd agree to divorce &c. Lots more, of course. This dream had a singularly compelling quality.

Mon.1. Why are the ∧ "high spots" always found in low spots?

Tues.2. ΔΔΔ & V.I. to lunch
(Copyist note - the following from daily paper is pasted in:-
Half a million penguins' eggs are taken annually from Dassen Island, near South Africa. Hard-boiled, one of the half-million formed part of my lunch yesterday. To boil one ordinarily takes 20 minutes: it is about 3 times as big as a hen's egg. The "white" is a beautiful translucent sage-greenish hue, like verd-antique or an antarctic lagoon. Penguins bray laike jackasses; have quill-less wings; eat sardines & clipfish: share such picturesquely named homes as Plumpudding Island with cormorant, gannet, white-breasted duiker, mutton-bird, oyster-catcher, sand-plover, sanderling, ruff, turnstone, mollymawk. Anti-penguin, eager to grab egg or chick, is ex-sacred ibis.
Altogether my lunch was memorably exotic: cooked by host himself in a Bloomsbury flat. He gave us chilli con carne --- Mexican meat dish so hot that it makes strong men weep. With it were four "side-dishes" --- concoctions based on

(a) red macassar fish & poppy-seed. (b) tamarind-fish. (c) Burmese balichow made from rotten prawns (bottled, very Spilsburyesque) (d) Kasoondee - minced mango in spiced oil.)

My dear Wooding I have now interviewed Her. Lividity's ex-fiance Mr Laurence Felkin. Sorrowfully as one must deplore the description "that bitch Melvill", repugnant to all right-thinking persons as must appear the eupherism "that lousy old cow Turner Coles", it is hardly possible for the judicially-minded to escape the conclusion that the young man has most grievously wronged. A tour of the premises on a fast motor-bicycle only confirmed this regrettable decision. "What would Jesus do?"
